A photograph showing a white triangular bandage. On the left, the bandage is in its original clear plastic packaging. The packaging has a green label with the text "Bandage Triangulaire" in white, followed by the dimensions "95cmx96cmx136cm". Below the text is a small diagram of the bandage being used to wrap a limb. A green CE mark is also visible on the packaging. To the right of the packaging, the white, triangular bandage is shown unwrapped, revealing its folded, textured fabric.
