

Technical Parameters:

Item	4 in 1 Multi-Functional Beauty Equipment
Model	OPT-EJRH
Capacitance	60000UF
Voltage	AC110V/220V, 50Hz/60Hz
Power	1200w
The filter crystal	Artificial sapphire
OSD Language	Chinese, English, and Korean
Size	970*730*355mm
Insurance specification	Max 10A

Function:

- 1.Hair Removal, Skin Rejuvenation, Acne Treatment, Pigment Removal, Blood Vessel Removal.
- 2.Tattoo Removal, Black Doll Skin Rejuvenation, Pigment Removal, Nevus Removal.
- 3.Wrinkle Removal, Face Lift, Anti-aging, Skin Tightening, Slimming.

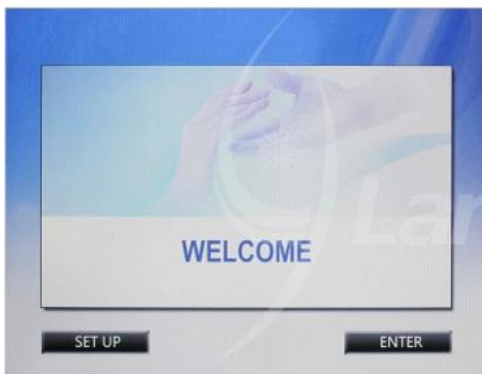

Packaging&Delivery:

Packaging	1.styrofoam 2.fumigation wooden case 3.Air box
Delivery	Based on your order quantity

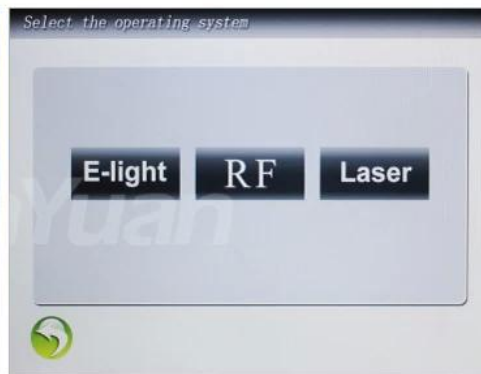

Advantages:

- 1.[OPT-EJRH](#) is a perfect technological combination of E- light, ND YAG Laser, and RF.
- 2.Separate Power Supply, E-light and ND YAG Laser don't effect each others.
- 3.E-light use the latest OPT technology, UK Firstlight Lamp with at least 300,000 times and Artificial Sapphire filter crystal.
- 4.ND YAG Laser with three working probes, 1064nm and 532nm for pigment removal, 1320nm black doll carbon treatment for skin rejuvenation.
- 5.Bipolar Cooling RF face lifting equipment provide much more effective and obvious treatment results for wrinkle removal, skin rejuvenation, etc.
