

Functions:

- 1.Body [slimming](#): quickly eliminate fat, waist, abdomen, buttocks and legs shape
- 2.Tighten the skin, repair stretch marks, Improve skin metabolism, anti-aging
- 3.Enhance the body metabolism speed, accelerate the excretion of waste and moisture in the body
- 4.Relax muscle, relieve muscle spasm, alleviate muscle pain and other symptoms

Product datas:

Item	Slimming Beauty Machine,Weght Loss Beauty Equipment
Type	Vacuum Cavitation System
Operation System	Supersonic
Output Power	250VA
Vacuum	10-80VA
Operating RF Frequency	2.6MHZ
Input Voltage	220V 50HZ ; 110V 60HZ

Theory:

The equipment takes the strong ultrasonic heads to release 40,000Hz or 1 MHZ powerful ultrasonic, speedy vibrates fattiness cells, produces countless vacuum air pocket in and out of cells, mightily impacts the fatty cells, makes the cell membrane produce the inner cracking, so as to dissolve the triglyceride to be the glycerin and free fatty acid, then under the function of cavitations, to exhaust them out through the liver sausage circulation, at last, uses the Ultrasonic Locating plate to do skin tightening, gets the body slimming and beauty effect.

Packaging&delivery:

Packaging	Standard export wooden box and airport box, special foam designed according to the chassis protect the machine.
Delivery	Based on your order quantity
