

Theory:

The equipment takes the strong [ultrasonic](#) heads to release 40,000Hz or 1 MHZ powerful ultrasonic, speedy vibrates fattiness cells, produces countless vacuum air pocket in and out of cells, mightily impacts the fatty cells, makes the cell membrane produce the inner cracking, so as to dissolve the triglyceride to be the glycerin and free fatty acid, then under the function of cavitations, to exhaust them out through the liver sausage circulation, at last, uses the Ultrasonic Locating plate to do skin tightening, gets the body slimming and beauty effect.

Functions:

- 1.Body slimming: quickly eliminate fat, waist, abdomen, buttocks and legs shape.
- 2.Tighten the skin, repair stretch marks, Improve skin metabolism, anti-aging.
- 3.Enhance the body metabolism speed, accelerate the excretion of waste and moisture in the body.
- 4.Relax muscle, relieve muscle spasm, alleviate muscle pain and other symptoms.

Product datas:

Item	Vacuum Cavitation System Slimming Beauty Machine
Weight	40kg
Size	60.6*39.9*93.8cm
Handtool	4pcs
Operation System	Supersonic
Sound Wave Frequency	40KHZ-1MHZ
Shake Frequency	1,000,000/S
Applicable Parts	The abdomen, Hip, Thighs
Output of Vacuum	0.1MPa
Working Frequency	1MHZ/0.8MHZ/0.4MHZ
Input Power	Max 150W
Working Voltage	220V, 50HZ; 110V, 50HZ
Principle	Vacuum Cavitation System

Packaging&delivery:

Packaging	Standard export wooden box and airport box, special foam designed according to the chassis protect the machine
Delivery	Based on your order quantity
